

GLOBAL MARINE SALVAGE CONTRACTOR

Ship Salvage & Wreck Removal

Up to 3,000 t · Cutting · Dewatering · Recycling

15+ YEARS · 120+ PROJECTS · WORLDWIDE

ABOUT US

15+ YEARS OF SALVAGE EXPERIENCE

Our team began in Primorsky Krai — the Russian Far East — one of the most demanding maritime regions in the world. The ports of Vladivostok and Nakhodka shaped our approach: strong currents, cold waters, tight schedules.

Today we operate internationally — salvage, wreck removal and metal recycling for shipping companies, ports, insurers and government agencies.
